

# Your experience in a (Re)Generation Event

We would like to know your reactions to the event in which you have just participated. Your answers will help us evaluate this youth led event.

The results will be used for a Macquarie University research project that is exploring what ways are most effective in reaching and inspiring young people in NSW about nature.

The study is being led by Wendy Goldstein at Macquarie University and is supported by a NSW Environment Trust grant.

If you complete the survey it is an indication that you are giving your consent to contribute voluntarily.
